

# **The 5<sup>th</sup> International Symposium on Advanced Optical Manufacturing and Testing Technology (AOMATT 2010)**

---

## **INVITATION**

**Dear Authors, Friends and Attendee,**

Advanced optical manufacturing and testing technology are closely associated with technologies development of information, bioscience, materials and NANO technologies, At the same time, optical manufacturing have been developed into a new global high tech. business. At the mean time, the international symposium of AOMATT have become more and more popular in domestic and abroad.

On behalf of the organization committee of the symposium, I would like sincerely to invite you to participate in the AOMATT2010 held in Dalian, China in April 26-29,2010. It will be very appreciated while you submit your abstracts and manuscripts to the SPIE Proceedings of the conference in time. We believe that the beautiful seaside city-Dalian, China and also the successful symposium of AOMATT2010 will leave you a pleasant and impressive memory.

We are looking forward to meeting you at the symposium next year in Dalian.

Sincerely Yours,

Prof. ZHANG Yudong  
Director of the Institute of Optics & Electronics, CAS  
General Co-Chair of AOMATT2010  
Chairman of the Organization Committee of AOMATT2010
